Introducing Always Clean!

Many of our clients have their carpets cleaned once a year but they found that no matter how good the carpets looked when we left, after about 6 months the carpets in the high traffic lanes started to look dingy, and they had to put up with ugly traffic lanes for six months until our next yearly carpet cleaning appointment came around again. Then we would come in and have to perform a small miracle on those heavily soiled and worn areas. So we came up with the All-Pro "Always Clean Program" that lets you keep up a high level of appearance year round for the same amount as a one time cleaning.

Tell Me More!

When we explain this to most people we are finding that many of our clients are interested in the "Always Clean Maintenance Plan" extending the life of their carpet several years, with a cleaner appearance and a healthier indoor environment. Just about everyone knows that by the time the carpet looks dirty enough that you arrange a cleaning, it is actually filthy and should have been cleaned long ago. The best way to get your carpet

to last the longest is to clean it on a regular basis, and if we clean the carpet before it really looks like it needs to be cleaned, the carpet will last a lot longer and delay the high cost of premature replacement. Still we talk with people that think that if you clean your carpet more often you will

have to replace it sooner. This is actually the farthest from the truth. If the dirt and soils are allowed to build up in the carpet, the fibers are ground away with every step across the carpet, your carpet will look worn out and the fibers you're walking on end up in the vacuum bag sooner. Doesn't it make sense that if you clean your carpets more often like you do your clothes (which you don't walk on) your carpets will last longer?

What Exactly is All-Pro's Always Clean?

The next time we clean your carpets, we will offer you the choice of the Always Clean Maintenance Plan which is as follows:

- ◆ You get your whole home or office's carpets cleaned and Staingarded at our regular price minus a full 10% off!
- ◆ A small monthly price will be calculated to spread the cost of your next two yearly cleanings over the next 24 months, you will not face the big payment again at one time.
- ◆ The highest traffic areas are cleaned FREE of charge every 6 months between major cleanings
- ◆ Special discounts on additional services such as:
 - * **Upholstery cleaning**
